

We Don't Start With Technology.

We Start With the Business Problem.

01

LISTEN

Understand the entrepreneur, customer, business problem and existing system.

02

DIAGNOSE

Identify gaps preventing effective operations, service or growth.

03

DESIGN

Develop practical strategies, systems and interventions.

04

IMPLEMENT

Put solutions into practice with the business.

05

BUILD CAPACITY

Transfer knowledge so teams can manage and improve their systems.

06

MEASURE & IMPROVE

Use feedback, customer insight and performance information to learn and improve.

People → Process → Technology → Growth

Technology is an enabler. Sustainable businesses are the goal.

PARTNERSHIP

LET'S BUILD BUSINESSES THAT LAST.

Liberia's MSMEs need stronger systems, better access to markets, practical technology, stronger customer relationships and an ecosystem willing to walk with them through implementation.

WE ARE OPEN TO PARTNERSHIPS WITH PARTNERSHIP AREAS

- Government institutions
- Development partners
- Financial institutions
- Corporations
- Business associations
- Schools & universities
- Technology providers
- MSMEs
- Entrepreneur-support organizations
- MSME Digital Transformation
- Entrepreneurship & Capacity Building
- Business Development Programs
- Digital Adoption Initiatives
- Customer Experience & CRM
- Market Access Programs
- Youth Digital Skills & Mentorship
- Research, Pilots & Innovation

WISDOM INNOVATION VILLAGE

Helping Businesses Learn. Apply. Grow.

Practical business growth, digital transformation and capacity-building solutions for MSMEs, entrepreneurs and institutions.

Learn. Apply. Grow.

THE PROBLEM WE EXIST TO SOLVE

Good Businesses
Shouldn't Struggle
Because Their Systems
Are Weak.

Across Liberia, many entrepreneurs have good products, strong ideas and the determination to grow. But determination alone does not build sustainable businesses.

- Weak business systems
- Limited digital adoption
- Poor customer management
- Low market visibility
- Limited access to practical business skills
- Difficulty turning opportunities into sustainable growth

OUR RESPONSE

- Informal

→

Structured
- Invisible

→

Visible
- Manual

→

Digital

We don't simply tell businesses what to do. We help them learn it, apply it and build around it.

→ Measurable Growth

WHAT WIV DOES

Practical Solutions Built
Around Real Business Problems

WIV combines business development, digital transformation, marketing and capacity building to help enterprises strengthen the way they operate and grow.

**DIGITAL TRANSFORMATION**

Practical digital tools for customer management, workflows, data, reporting and decision-making.

**BUSINESS GROWTH & ADVISORY**

Strategy, market positioning, business systems, customer experience and growth planning.

**BRANDING & DIGITAL MARKETING**

Brand development, storytelling, content and digital market visibility.

**TRAINING & CAPACITY BUILDING**

Practical learning designed around application—not theory alone.

**CUSTOMER EXPERIENCE & CRM**

Stronger customer journeys, CRM practices, customer acquisition, management and retention.

**MSME DIGITAL ADOPTION**

Moving businesses from basic digital awareness toward meaningful use of tools that improve work and customer service.

Technology must solve a real business problem.

WIV IN ACTION

We Learn From the
Businesses We Serve.

WIV engages entrepreneurs, MSMEs, young people and communities through practical learning, business support, digital adoption and market-development initiatives.

- Business Digital Adoption
- Business Growth Partnerships
- Youth & Community Engagement
- Market & Ecosystem Engagement

CURRENT MILESTONE

Selected — Accelerate360 Cohort 2

An opportunity to learn, build relationships, strengthen WIV's institutional capacity and translate those lessons into better support for the businesses we serve.
